Please note samples must be a representative size (50 cent coin) for bulk samples and packaged appropriately (double-bagged) to be accepted by the Lab. Soil sample volume requires at least 500ml and double-bagged. Sample receipt cut-off time is 16:00. Turnaround times will commence the following business day for samples received after this time. Please contact the Alpha Team to discuss further on the sample size, sample receipt and urgent TAT requirements.
